About Me

Client servicing professional with 5+ years in influencer marketing and brand solutions, working across leading FMCG brands. End-to-end owner of campaigns — influencer planning, negotiations, execution, script and video QC, go-live and post-campaign reporting. Ambitious, adaptable and dependable on deadlines, I work well with both brand teams and creators.

Experience

Senior Client Servicing Executive at WORD, Alchemy Group

05/2023 – Present

Key Projects & Campaigns

Mumbai

- Handling the HUL account end-to-end across **Closeup, Pepsodent and Horlicks** as single point of contact for the client on briefs, timelines, approvals and deliverables.
- Influencer planning and identification as per the brand brief — building creator lists basis category fit, audience demographics, reach and engagement benchmarks, and cost per deliverable.
- Working with Regional Celebs Mega, Macro and Micro creators across tiers, matching the creator mix to campaign objectives and budgets, and managing content shoots against tight deadlines.
- Negotiating rates and usage rights with creators and talent agencies, closing commercials within campaign budgets.
- End-to-end campaign execution — script QC, aligning shoots as per brand mandates, video QC, and aligning go-live post closure.
- Ensuring content meets brand, legal and platform compliance before publishing — mandatory disclosures, claim usage, packshot and brand-guideline adherence.
- Coordinating across creative, production and brand teams to hold timelines, and managing day-to-day escalations such as reshoots, script reworks and creator drop-offs.
- Part of the audit team for the account — managing and tracking campaign expenses against approved budgets and maintaining documentation for internal and client audits.
- Aligning post-campaign reporting in line with HUL audit mandates — collating live links, screenshots, invoices and performance metrics (reach, views, engagement rate) for audit documentation.
- Delivered influencer campaigns across categories beyond the core HUL account — automotive, retail and entertainment, skincare, and beverages — adapting creator mix and content format to each brand's objective.
- **Moti Soap (Diwali)** — festive campaign built around gifting and family occasions, working with lifestyle and family creators on festive-led content aligned to the Diwali calendar.
- **Hamam (Pongal)** — regional festive campaign for the South market, working with Tamil-language and regional creators to deliver culturally-rooted content for the Pongal window.
- **Taj Tea** — brand campaign with lifestyle and regional creators, focused on everyday-moment storytelling and taste-led messaging.

- **Timezone** — experience-led campaign for the family entertainment category, driving footfall to outlets through creator visits, on-ground content and location-tagged reels.
- **Maruti Suzuki Driving School** — service-led campaign targeting first-time learners, using creator-led testimonial and experience content to drive enquiries and enrolments.
- **Novology** — derma-skincare campaign with beauty, skincare and expert creators, with claim-sensitive scripts requiring close brand and legal QC before go-live.

Influencer Marketing Executive, 7P Digital

11/2021 – 04/2023
Gurgaon

- Designed and executed influencer marketing campaigns end-to-end, from concept and creator selection through to go-live.
- Conceptualised, scripted and directed video content for brand campaigns, working with creators and production teams on shoot execution.
- Quality-checked scripts, videos and static assets against brand guidelines and platform requirements before publishing.
- Coordinated with influencers and internal teams on briefs, timelines, approvals and deliverables.
- Supported campaign reporting and content performance tracking across Instagram, YouTube and Facebook.

Community Executive, GoToChef

03/2021 – 11/2021

- Managed and grew the GoToChef food community, driving user engagement, participation and retention.
- Onboarded and coordinated with home chefs, food bloggers and influencers for recipe contributions and brand collaborations.
- Executed influencer marketing end-to-end — talent identification, outreach, briefing and deliverable tracking.
- Managed a panel of food recipe reviewers, ensuring recipes met content quality and format guidelines before publishing; moderated user-generated content as per brand guidelines.
- Coordinated with content and design teams on community campaigns and contests, and tracked performance for internal reporting.
